Top Talents

Your top 3 Talents that **drive** you the most.

Innovation

The ability to generate novel solutions and creative ideas to solve problems.

You are:

- Extraordinary at working with abstract ideas and developing unconventional solutions.
- Exceptional at being receptive to different ideas and flexible to changing demands.
- Excellent at understanding complicated problems, generating solutions, and evaluating options.
- Able to find ways to improve the quality of work and not settle for “good enough".

Embracing Diversity

The ability to understand others' perspectives and deal effectively with different types of people.

You are:

- Exceptional at adapting to a wide range of people and being open to different values and personalities.
- Able to be respectful and make others feel comfortable and appreciated.

Execution

The ability to set goals, monitor progress, and take the initiative to improve work.

You are:

- Excellent at understanding new procedures and learning how to get the job done right.
- Capable of being accurate and attentive to detail, reporting, creating plans, and monitoring resources.
- Able to establish and meet challenging goals, and persevere if initially unsuccessful.

See all 10 Talents

You are:

- Likely to be modest, humble, pleasant, considerate, generous, and cooperative
- Curious, analytical, reflective, imaginative, and creative
- Introverted and reserved
- Easygoing and accommodating
- Receptive, adaptive, flexible, unconventional, and reflective
- Excellent at analyzing and answering very complex problems

Professionally you are:

- A very good fit for roles where accomplishing tasks doesn't involve ample criticism.
- A good fit for roles where reading others' motivations is less important.
- A good fit for work that is not stressful or rushed.
- A very good fit for organizations and roles that are growing, changing quickly, and have varying tasks.
- A very good fit for organizations and roles that appreciate good listeners that don’t waste time on small talk.
- A good fit for roles that benefit from being friendly and courteous.
- A very good fit for roles that require analyzing complex information to choose the best solution.
- A very good fit for roles that require continuous learning and imagining new ways of doing things.
- A very good fit for organizations and roles that appreciate team players that support efforts to meet objectives.

Most Draining

Questions you should ask about your role:

Does the role involve too much or too little excitement?

Does the role involve handling lots of criticism and rejection?

Does the role require investigating and solving a changing array of problems?

Does the role require you to continually step out of your comfort zone?

Does the role involve regularly interacting with other people?

Does the role require you to be in the driver seat and lead projects?
